

Give Customers Real-Time Access, Visibility & Control of Every Security Incident

Centralized, Real-Time Notification of Incidents

With just one simple code, IncidentCode empowers safer, faster, and more effective incident responses by granting all stakeholders instant access to detailed, real-time information of incidents from any web-based device, including:

- ✓ Verified Video (Relevant Clips)
- ✓ Pinpoint GPS Locations/Maps
- ✓ Confirmation of Authorized Activities
- ✓ Detailed Audit Trails

“71% Increase in Response Rate Compared to Non-Verbal Communication Provides Better Outcomes”

Enhance Operational Speed & Efficiency

In addition to faster responses and better outcomes, IncidentCode provides authorized users with the ability to see and respond to the incident in real-time. The clarity, detail and confirmation of all real-time communication helps enhance operational speed and efficiency that results in:

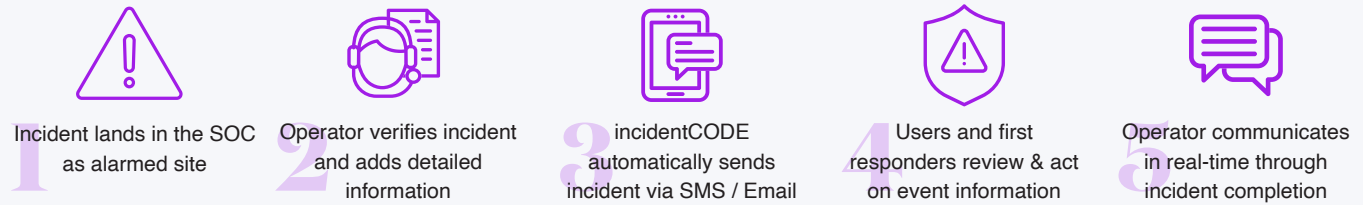

- ✓ Decrease In False Alarms and Fines
- ✓ Loss Reduction with Incident Details
- ✓ More Apprehension with Authorities Visibility
- ✓ Enhanced Customer Relationships

incidentCODE Benefits:

- ✓ Immediate access to actionable intelligence, updated in real-time
- ✓ URL access texted and/or emailed to pre-determined user list automatically
- ✓ Accessible from any web-based device, no application or log-in required
- ✓ Easily share incident details with stakeholders outside the automated list
- ✓ Communication between the end-user and SOC made easy across multiple properties

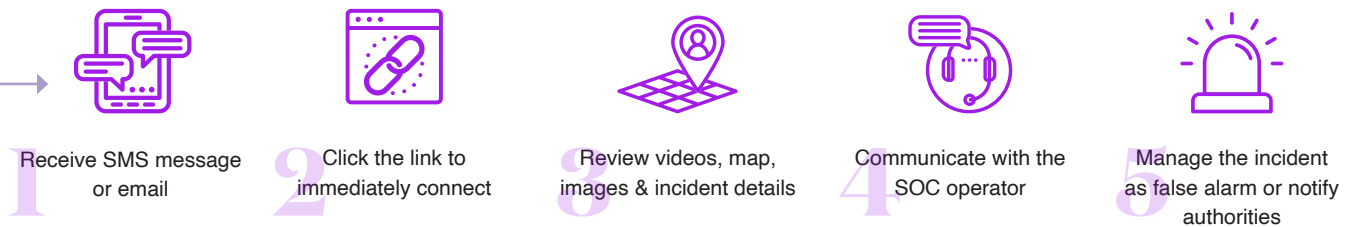

How Does incidentCODE Work?

The incidentCODE platform is an automated process to better security outcomes.

One Code is All It Takes

You will receive a text or an email with a link to incidentCODE. Simply click the link and you have all the information around your incident. Or share the simple six digit code with on-site security or police.

You now have real-time incident information with a direct connection to your SOC. IncidentCODE provides instant alerts, communication channel, incident review and resolution control. Best of all - no more false alarms.

What Our Clients Say:

"Every site we monitor uses IncidentCODE. It is an integral part of our process for managing events and communicating with our customers."

- Jason Gratton,
EyeSite Surveillance

"IncidentCODE has been a vital part of our central station operations. Our customers cannot live without it. It truly separates us from our competitors, and we are extremely happy with this service."

- David Dooda,
Security Central Protection
